Spectrum License Consultants, Inc
6713 Club Meadows Drive
Amarillo, TX 79124

Permission to file FCC applications

The applicant named in this worksheet gives Spectrum License Consultants, Inc and/or the frequency coordinator permission to submit applications on its behalf. The applicant also grants permission to obtain, if necessary, an FRN number and password for the purpose of electronically filing such applications. The applicant certifies information provided to Spectrum is accurate and true.

SLCI will complete your application & forward to the FCC or the frequency coordinator, as is applicable. We will act as a liaison between client and FCC and/or coordinator to make sure your application is processed correctly and answer any questions that the FCC or coordinator may have.

The Federal Communications Commission (FCC) is the final authority in approving or denying your application.
